Use Cases

Frequently used in advertising, most often adapts / compensates low self-esteem, that is often a result if a father bosses the kids around to compensate what the low self-esteem from his father/boss

Scheme of childlike characteristics

Inventor Satan/Communism/Advertising industry

As with the Limbic System Vulnerability Hack, our brain is susceptible to the cute appearance of **children**. This is "used" by advertising as well as by social systems. scientifically spoken: It is about "**Wahrnehmungspsychologie**", the shape of the head, which also reminds us to **Kind** classmate in our childhood

Use Cases

Sociopaths Ignorantly don't care about childrens future, if they can sell more junk they would even roast a child (just with an active denial system of course) if they can make more profit...
